FILE: UNDER NAME
[REDACTED]

FIRST, LET ME SAY, WE HAVE HAD OUR HORSE RESCUE RANCH SINCE 2009, WE HAVE TAKEN CARE OF MANY HORSES. WHEN WE LEARNED ABOUT OUR WATER BEING BAD, WE REALLY COULDN'T DO ANYTHING ABOUT IT BECAUSE HORSES DRINK ABOUT 20 GALS. OF ^{WATER} A DAY NORMALLY; IN THE SUMMER THEY DRINK ABOUT 30 GALS OF WATER, A DAY OR MORE DEPENDING ON THE HORSE. HERBERT, WAS BORN IN TEXAS AND RAISED ON A RANCH AND TOOK CARE OF HORSES ALL THE TIME, ^{UNTIL} ~~UNTIL~~ HE WENT IN THE SERVICE. WITH HIS KNOWLEDGE OF HORSES, HE KNOWS WHEN THEY GET SICK

HORSES NAME AND USUALLY WHAT THEY ARE SICK WITH.

M.C. ^{DEC. 24, 2015} → DIED ON CHRISTMAS EVE. WE USUALLY FEED THE HORSES FOR THE LAST NIGHT OF THEIR MEAL AROUND 9:00 P.M. M.C. WAS DOING FINE. MY SON, [REDACTED] WAS HAVING A SMALL GET TOGETHER WITH FRIENDS, CAUSE THE DAY BEFORE WAS HIS BIRTHDAY. AROUND 1:00 O'CLOCK IN THE A.M. WHEN THEY ALL WALKED OVER TO SEE THE HORSES, THEY NOTICED M.C. WAS DOWN ON THE GROUND, HE WAS DEAD. HIS EYES, EARS, NOSE WAS ALL COVERED IN BLOOD. ^{HERBERT} IT LOOKED LIKE SOMEONE HAD SHOT M.C. I WENT TO SEE M.C., AND I HAD ^{HERBERT} SEEN OTHER PEOPLE DIE OF ~~ARSENIC~~ ^{ARSENIC} POISONING. WHEN I WAS IN THE SERVICE FOR 10 YEARS, I WORKED WITH C. I. D., AS MILITARY POLICE, AND GAINED ALL MY KNOWLEDGE OF DIFFERENT ^{DI SEASES} ~~DISEASES~~, DRUGS, AND DEATHS OF ALL KINDS. I KNEW IMMEDIATELY HE HAD DIED FROM ARSENIC POISONING. I COULDN'T CALL ANYONE AT 1:00 A.M. AS WE DO NOT HAVE THAT MANY VETS IN BARSTOW, AND THE ONES THAT ARE THERE WON'T TAKE ANY NEW PEOPLE (CLIENTS) DURING THE HOLIDAYS.

HORSES NAME.

Logic WAS A Thoroughbred, AS WAS M.C. WE HAD BOTH LOGIC + M.C. SINCE 2009, LOGIC HAS ALWAYS BEEN STRONG + A WONDERFUL HORSE. HE WON A LOT OF MONEY AT THE ARIZONA RACE TRACK, WHERE HE AND M.C. COMPETED. MY DAUGHTER HAD NOTICED THAT LOGIC WASN'T REALLY EATING. WHEN THE ATTENTION STARTED GETTING BAD, WE SAW HE WANTED TO GO AND LAY DOWN, BUT NOT THE USUAL WAY A HORSE LAYS DOWN. WE THOUGHT AT FIRST HE MUST HAVE COLIC, WE TRIED TO CONTACT OUR VET, BUT HE COULD NOT COME OUT. OUR VET SAID TO COME TO THE OFFICE AND PICK UP A SHOT FOR LOGIC, AND SAID HE MIGHT HAVE COLIC, BUT HE COULDN'T ~~REALLY~~ REALLY TELL WHAT HE HAD, AS HE WAS NOT REALLY A HORSE DOCTOR, SO HE SUGGESTED TO CALL ANOTHER VET IN THE AREA. THIS WAS TWO DAYS BEFORE THANKSGIVING AND WE CALLED EVERY VET IN THE PHONE BOOK, FROM Apple Valley TO LANCASTER, + CHINO. ALL THE VETS WERE BUSY WITH THEIR OWN CLIENTS OR SOME COULDN'T COME UNTIL 3 WEEKS

me weren't even accepting new clients. So we did the best we could, he had a very painful death, but logic,

HORSES ~~HA~~^{WE} DIED the DAY before THANKsgiving, so we had a very SAD holiday.

NAME

We have had many horses another of our horses who died

Priz

Like Logan, was Priz, another Thoroughbred, who died last year. She died, July, 2014. We had her since 2011.

Houses

NAME

YAFAY

YA-TAY

Another horse who died the same way as Prez, & Logic. She however, was a Mustang she died also in the summer of 2014.

pg. 3

We found out our water was bad, in 2009. As I said before, we were a rescue for all kinds of animals, no animal was ever turned away. We didn't know how bad the water was, and I said before, the horses drank a lot of water, we had no choice, but to give the horses the water they had. People soon moved on, and as they left, the animals, stayed behind, cats + dogs mostly.

We have had over 200 cats + kittens that have died. All of our own personal dogs have died all of tumors and cancer.

My own son died of a massive heart attack at the age of 35. My daughter at 35 now has been battling cancer since 2012, and now my wife has had a heart attack and now wears a pacemaker.

This is the best of my knowledge.

Sincerely,

1-5-16

Water board: Hinkley water safe to drink

Resident says 'poison is poison, regardless' of level

Recommend 0

By MIKE LAMB
STAFF WRITER

Posted Jul. 25, 2014 at 5:37 PM

Updated Jul 25, 2014 at 5:43 PM

HINKLEY — Twenty-one years after Erin Brockovich discovered the city's water contained high levels of hexavalent chromium (chromium-6), the Lahontan Regional Water Quality Control Board has told Hinkley residents their once-toxic water is now safe to drink.

Just don't expect them to believe it.

In a letter to three Hinkley residents dated July 18, Patty Z. Kouyoumdjian, executive officer of the Lahontan water board, informs them that California's new drinking water standard of 10 parts per billion for chromium-6 became effective July 1.

"Currently, all the domestic wells within Hinkley contain hexavalent chromium below the MCL (maximum containment level)," Kouyoumdjian wrote. "I believe this new standard poses an opportunity for the Hinkley community to reframe or revise the perceptions about the safety of drinking water in Hinkley because the levels of (chromium-6) in current residential wells are much lower than the state's drinking water standard."

_____, one of the residents to whom the letter is addressed, rejects the notion that Hinkley's water is safe to drink.

"Poison is poison, regardless," _____ said.

Another Hinkley resident, _____ agreed with _____.

"I think it's ridiculous," said _____ who has a whole-house filtration system from Pacific Gas & Electric, the company found liable for the contamination. She said she does not run her swamp cooler because she's afraid she will inhale chromium-6.

"It's just verbiage," _____ said. "They can't guarantee us anything. (The new standard) is too high. From what I understand, that's water for municipalities to clean up. We are rural. We are arguing chromium-6 is caused by PG&E and not natural."

Calls to Brockovich for comment were not returned on Friday.

Kouyoumdjian's letter said the new state standard for chromium-6 doesn't release PG&E from its obligation to clean up the discharges from the compressor station site that initially polluted the town's groundwater.

"The setting of the drinking water standard at 10 ppb does not, however, affect the water board's authorities requiring cleanup," she wrote.

The new state standard, however, does not allow Lahontan to order PG&E to continue to provide

POPULAR

replacement water to Hinkley residents. According to Jeff Smith, spokesman for PG&E, 200 residents receive bottled water from PG&E and 40 households have the whole-house filtration systems.

"Because the MCL for chrome-6 is in effect, the Lahontan Regional Water Quality Control Board can no longer require replacement water for those domestic wells with levels of chrome-6 below 10 ppb," Kouyoumdjian wrote. "I realize this is frustrating because you believe the replacement water should be continued until the United States Geological Survey background study is completed; unfortunately, we have to comply with existing law, and have no authority to continue requiring the current replacement program."

Smith said PG&E has made no decision so far on providing bottled water and maintaining the filtration systems.

"Now that the state came forward with the 10 ppb is safe, we have tested 400 domestic wells and nobody has registered above that. Nobody in Hinkley is drinking water above the state standards," Smith said. "If any potential changes are made, PG&E will give significant notice."

Kouyoumdjian's letter ended with a hope that life for Hinkley residents will return to normal.

"I am hopeful that the citizens of Hinkley can dispel health concerns about their community, not live in fear, and no longer be stigmatized by the past. Property values will hopefully increase, and reflect this reality, and banks should no longer have any concerns about loaning money to Hinkley citizens based upon concerns about the safety of the levels of chrome-6 in domestic wells."

But [REDACTED] said she doesn't believe that will be possible anytime soon.

"We just received a letter from the bank. We wanted to refinance. But they wouldn't refinance due to the stigma," she said.

According to County of San Bernardino appraiser Michelle La Drew, normalcy in the real estate market will not return until sales are made.

"Mortgage companies will not loan money against that land," she said. "It's based on sales of the area."

Lahontan Regional Water Quality Control Board

July 18, 2014

via email

Dear Mr. [REDACTED] Mrs. [REDACTED] and Mrs. [REDACTED]

I wanted to respond to your mid-June 2014 inquiries regarding application of the Maximum Containment Level (MCL) recently adopted by the California Department of Public Health (now known as the Division of Safe Drinking Water or DSDW) and continuation of the whole house replacement water program for the Hinkley Compressor Station Site Cleanup.

On July 1, 2014 the MCL, or drinking water standard, became effective for hexavalent chromium (chrome-6). California is the first state in the nation to establish a MCL specifically for chrome-6, which underscores the state's commitment to protecting drinking. This new standard is one fifth the current total chromium standard of 50 ppb, which includes both trivalent chromium (chromium-3) and chrome-6. The federal MCL for total chromium is 100 ppb.

Because the MCL for chrome-6 is in effect, the Lahontan Regional Water Quality Control Board (Water Board) can no longer require replacement water for those domestic wells with levels of chrome-6 below 10 ppb. I realize this is frustrating because you believe the replacement water should be continued until the United States Geological Survey (USGS) background study is completed; unfortunately, we have to comply with existing law, and have no authority to continue requiring the current replacement water program.

Our legal counsel has previously explained that our ability to require Pacific Gas & Electric Company (PG&E) to provide replacement water is limited by a 2005 precedential decision issued by the State Water Board entitled "In the Matter of the Petition of Olin Corporation and Standard Fusee, Incorporated, Order WQ 2005-0007" (referred to as the "Olin Order"), which was discussed in depth in our Order R6V-2011-0005A1, requiring the issuance of whole house replacement water. In that Order, the State Board determined that for the purposes of determining whether a well is "affected" under Water Code section 13304, allowing the regional board to require the provision of replacement water, a well is only considered "affected" when the discharge causes the

AMY L. HORNE PH.D., CHAIR | PATTY Z. KOUYOUNDJIAN, EXECUTIVE OFFICER

2501 Lake Tahoe Blvd., So. Lake Tahoe, CA 96150 | www.waterboards.ca.gov/lahontan

-2-

water to exceed a drinking water standard. The State Board concluded, "Any other approach would require regional water boards to make individual, possibly inconsistent public health and toxicological determinations or, in the alternative, to require replacement drinking water whenever there is *any* detection of a contaminant." (Olin Order at p. 6, emphasis added.)

The State Board required that, "regional water boards should defer to OEHHA and CDPH in determining safe drinking water levels." This is in contrast to setting cleanup levels, which the State Board noted, "are more appropriately within the expertise and professional purview of the water boards." The State Board, therefore, made it clear that the regional boards could not require replacement water for any impairment of water quality. The impairment had to cause an increase in contamination above the drinking water standard before the regional board could require replacement drinking water.

Although you may feel that the drinking water standard for hexavalent chromium is too high, once the DSDW has made its determination, the other state agencies must accept that standard, and do not have the ability to second-guess that decision. Although it is higher than the public health goal (PHG), the MCL is still protective of health. Health & Safety Code §116365(a) requires CDPH to establish the MCL at a level as close to the contaminant's PHG as is technologically and economically feasible, placing primary emphasis on the protection of public health. Moreover, the DSDW performed a series of rigorous analyses that considered, among other things: the occurrence of hexavalent chromium in drinking water sources statewide; the methods, feasibility and costs of detection; and treatment and monitoring technology. The DSDW also considered over 18,000 public comments from public and private stakeholders during the regulatory process, including from public water systems. The chrome-6 MCL will be reviewed again in 2019.

Implementation of this MCL will be a major step in protection of public health, as there are over 128 water systems whose water exceeds the 10 ppb level established in the new requirement. It will, however, also result in increased costs for these communities whose water source contains levels of hexavalent chromium that currently exceeds that 10ppb level. In its "Notice of Proposed Rulemaking," CDPH estimated that the cost of compliance for local government could be \$16.5 million annually, \$1.8 million annually for state government; and \$1 million for privately owned water systems. (CAL. DEP'T PUB. HEALTH, Notice of Proposed Rulemaking, Subject: Hexavalent Chromium MCL (DPH-11-005), *supra* n. 11, at 10-11.)

Currently, all of the domestic wells within Hinkley contain hexavalent chromium below the MCL. I believe this new standard poses an opportunity for the Hinkley community to

reframe or revise the perceptions about the safety of drinking water in Hinkley because the levels of chrome-6 in current residential wells are much lower (better) than the state's drinking water standard. I am hopeful that the citizens of Hinkley can dispel health concerns about their community, not live in fear, and no longer be stigmatized by the past. Property values will hopefully increase, and reflect this reality, and banks should no longer have any concerns about loaning money to Hinkley citizens based upon concerns about the safety of the levels of chrome-6 in domestic wells.

The setting of the drinking water standard at 10 ppb does not, however, affect the Water Board's authorities requiring cleanup. Under current Water Board orders, PG&E must continue to clean up the discharges from the compressor station site. The Water Board has the authority to require clean up to background levels in accordance with State Board policy 92-49 and a new cleanup and abatement order will be updated with specific cleanup requirements and will be considered by the Water Board in 2015. In addition, the USGS background study will continue, and the results of that study will be incorporated into the Water Board's requirements, as necessary.

If you have any questions regarding this letter, please contact me at (530) 542-5412 or Lauri Kemper, Assistant Executive Officer, at (530) 542-5436.

Contact: [REDACTED]
(Project Manager)ELAP #1132
LACSD #10143
NELAC #4047-002 ORELAP

The results in this report apply to the samples analyzed in accordance with the chain of custody document. Weck Laboratories certifies that the test results meet all requirements of NELAC unless noted in the Case Narrative. This analytical report must be reproduced in its entirety.

Notes:

The Chain of Custody document is part of the analytical report.

Any remaining sample(s) for testing will be disposed of one month from the final report date unless other arrangements are made in advance.

All results are expressed on wet weight basis unless otherwise specified.

ND = NOT DETECTED at or above the Reporting Limit. If J-value reported, then NOT DETECTED at or above the Method Detection Limit (MDL)

NR = Not Reportable

Sub = Subcontracted analysis, original report enclosed.

An Absence of Total Coliform meets the drinking water standards as established by the State of California Department of Health Services.

The Reporting Limit (RL) is referenced as laboratory's Practical Quantitation Limit (PQL).

For Potable water analysis, the Reporting Limit (RL) is referenced as Detection Limit for reporting purposes (DLRs) defined by EPA.

If sample collected by Weck Laboratories, sampled in accordance to lab SOP MIS002

Flags for Data Qualifiers:

MS-01 = The spike recovery for this QC sample is outside of established control limits possibly due to sample matrix interference.

Dear [REDACTED]

Enclosed are the results of analyses for samples received 10/7/2014 with the Chain of Custody document. The samples were received in good condition, at 1.3 °C and on ice. All analysis met the method criteria except as noted below or in the report with data qualifiers.

(Project Manager)ELAP # 1132
LACSD # 10143
NELAP # 04229CA

The results in this report apply to the samples analyzed in accordance with the chain of custody document. Weck Laboratories certifies that the test results meet all requirements of NELAP unless noted in the Case Narrative. This analytical report must be reproduced in its entirety.

Notes:

The Chain of Custody document is part of the analytical report.

Any remaining sample(s) for testing will be disposed of one month from the final report date unless other arrangements are made in advance.

All results are expressed on wet weight basis unless otherwise specified.

ND = NOT DETECTED at or above the Reporting Limit. If J-value reported, then NOT DETECTED at or above the Method Detection Limit (MDL)

= Not Reportable

Sub = Subcontracted analysis, original report enclosed.

An Absence of Total Coliform meets the drinking water standards as established by the State of California Department of Health Services.

The Reporting Limit (RL) is referenced as laboratory's Practical Quantitation Limit (PQL).

For Potable water analysis, the Reporting Limit (RL) is referenced as Detection Limit for reporting purposes (DLRs) defined by EPA.

If sample collected by Weck Laboratories, sampled in accordance to lab SOP MIS002

7 **NOTICE TO INTERNATIONAL CRIMINAL COURT (ICC) THE HAGUE, THE NETHERLAND**

8 **Honorable Judge Silvia Fernández de Gurmendi**
9 **INTERNATIONAL CRIMINAL COURT**
10 **Maanweg, 174, The Hague, The Netherlands**

11 **SUBJECT MATTER:**

12 **UNPROSECUTED HUMAN RIGHTS**
13 **VIOLATIONS IN USA, TOWN OF**
14 **HINKLEY, CALIFORNIA 92347 USA**

15 Honorable Judge Silvia Fernández de Gurmendi:

16 Although, communications by Victims from the town of Hinkley, California USA, may not
17 be accepted by the ICC, due to the fact that currently United States is not a State Party to ICC, and
18 United States Supreme Court is the ultimate authority for all U.S. Citizens, the ICC's Prosecutor
19 should take a notice of how officials from the governments (local State of California and U.S.) in the
20 USA territory has intertwined with corporate interest in the USA and are alleged to have committed
21 massive Human Rights Violations, which were never prosecuted by any of the Judicial System's
22 authorities in the USA.

23 This Notice is in adherence therewith "(Article 7 of ICC: 1). A person who planned,
24 instigated, ordered, committed or otherwise aided and abetted in the planning, preparation
25 or execution of a crime referred to in articles 2 to 5 of the present Statute, shall be
26 individually responsible for the crime. 2). The official position of any accused person,
27 whether as Head of State or Government or as a responsible Government official, shall not
28 relieve such person of criminal responsibility nor mitigate punishment.)"

This Notice could assist ICC is seeking, as a minimum, partial intervention into the Issue of
Unprosecuted Human Rights. Here, in the spirit of International participation, Victims
should not be left to die in vain, due to unprosecuted human rights violations. No country
should neglect that issue, nor should resemble another holocaust, nor resemble totalitarian
regime.

UNITED STATES DISTRICT COURT

for the

District of Arizona

Plaintiff

v.

John Izbicki; Patty Kouyoumdjian; Laury Kemper; Lisa
Dernbach; Anne Holden; Ray Britain; DOES 1-100, incl

Defendant

Civil Action No.

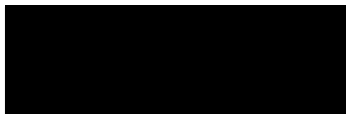

CV-16-00528-PHX-DMF

SUMMONS IN A CIVIL ACTION

To: *(Defendant's name and address)* John Izbicki
4165 Spruance Road, Suite 200
San Diego CA 92101-0812

A lawsuit has been filed against you.

Within 21 days after service of this summons on you (not counting the day you received it) — or 60 days if you are the United States or a United States agency, or an officer or employee of the United States described in Fed. R. Civ. P. 12 (a)(2) or (3) — you must serve on the plaintiff an answer to the attached complaint or a motion under Rule 12 of the Federal Rules of Civil Procedure. The answer or motion must be served on the plaintiff or plaintiff's attorney, whose name and address are:

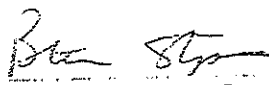

If you fail to respond, judgment by default will be entered against you for the relief demanded in the complaint. You also must file your answer or motion with the court.

BRIAN D. KARTH

CLERK OF COURT

Date:

2/26/16

SUMMONS IN A CIVIL ACTION

To: (Defendant's name and address) Patty Kouyoumdjian
14440 Civic Drive, Suite 200
Victorville, CA 92392

A lawsuit has been filed against you.

Within 21 days after service of this summons on you (not counting the day you received it) — or 60 days if you are the United States or a United States agency, or an officer or employee of the United States described in Fed. R. Civ. P. 12 (a)(2) or (3) — you must serve on the plaintiff an answer to the attached complaint or a motion under Rule 12 of the Federal Rules of Civil Procedure. The answer or motion must be served on the plaintiff or plaintiff's attorney, whose name and address are:

If you fail to respond, judgment by default will be entered against you for the relief demanded in the complaint. You also must file your answer or motion with the court.

FOR THE DISTRICT OF ARIZONA

 Plaintiff,
vs. John Izbicki; Patty Kouyoumdjian; Laury Kemper;
Lisa Dernbach; Anne Holden; Ray Britain;
and DOES 1 – 100, inclusive, Defendants.
CASE NO. CV-16-00528-PHX-DMF
(To be supplied by the Clerk)
CIVIL RIGHTS COMPLAINT
PURSUANT TO
42 U.S.C. 42 § 1983
42 U.S.C. §1985(3)
42 U.S.C. §1986
INJUNCTIVE RELIEF DEMANDED
JURY TRIAL DEMANDED

A. JURISDICTION

This complaint alleges that the civil rights of Plaintiff  ft, who presently resides at  were violated by the actions of the below named individuals, acting in his/hers individual and/or in official capacity, which were directed against the Plaintiff, at Hinkley, CA 92347, as of June 19, 2014, to the following dates

February 15, 2016	February 15, 2016	February 15, 2016
_____,	_____,	_____
(Count I)	(Count II)	(Count III)

This Complaint does not seek any monetary or legal cost's damages from Defendants, regardless that public welfare, especially of the poor and underprivileged Plaintiff has never been a concern by the Defendants, regardless of alleged conspiracy acts committed by Defendants, and regardless of the failure to prevent alleged conspiracy committed by Defendants. This Complaint must be deliberated be Jury, thus Jury Trial demanded with demand for Injunctive Relief and only seeks from Defendants to finally concede that: "ground drinking water beneath Plaintiff's Aquifer and real property in Hinkley, CA 92347 is poisoned with Arsenic over legal limit" and that "the poisoning with byproduct Arsenic, over legal limit, was caused by Pacific Gas and Electric Company (PG&E)"

The lawsuit does not attempt to circumvent immunity, and therefore forward-thinking judge should be open to the constitutional arguments, or open to arguments based upon civil rights challenges that are based on statutes, rather than the Constitution, and instruct the jury accordingly.

2) Defendant John Izbicki resides or work at 4165 Spruance Road, Su. 200, San Diego CA 92101
(full name of first defendant) (address if first defendant)

and is employed as Research Hydrologist by USGS. This defendant is sued in his
(defendant's position and title, if any)

 X individual, and/or X official capacity. (Check one or both). Explain how this defendant was acting under color of law:

It is alleged that John Izbicki has committed federal crime, Section 242 of Title 18, by acting under "color of law" and willfully deprive and conspire to deprive Plaintiff of a right protected by the Constitution and/or U.S. law and/or Environmental Justice laws.

In specific, by pretending to act in the performance of his official duties, it is alleged that John Izbicki has not only acted with intentional gross negligence, but has conspired with State of California, Lahontan Regional Water Quality Control Board's employees Patty Kouyoumdjian; Laury Kemper; Lisa Dernbach; Anne Holden and with United States Geological Survey treasurer, alleged to have accepted bribe in the amount of over Four and Half Million Dollars from Pacific Gas and Electric Company (PG&E), for, alleged as felonious, investigation and report, that will be totally worthless according to several scientists contradicting Izbicki and Water Board's employees' assertions. Such, further alleged as fraudulent, incomprehensible, vague and ambiguous investigation and report, which cannot prove how much the aquifers beneath the town of Hinkley, CA 92347 and beneath the Plaintiffs real property is saturated with naturally occurring Hexavalent Chromium, or is poisoned by PG&E with Hexavalent Chromium, due to massive dilution with other chemicals and substances, injected in such aquifers by PG&E, under the pretext that such will remove the Hexavalent Chromium, being all aquifers beneath the town of Hinkley, CA 92347, poisoned since 1952. In fact, such aquifers are now exhibiting higher concentration of not only Hexavalent Chromium,

over 5,000 ppb, now construed as hazardous waste, but with way over the legal limits (Maximum Contaminant level) with Arsenic and Uranium, due to failed remedial operations by PG&E.

Furthermore, under the color of law, John Izbicki has confessed, in fact has confessed to the server of this lawsuit, that "I will get my millions and retire next year", despite his contractual obligation, being for the duration of five years with the Boards employees named herein this Complaint.

Such acts under the color of law has precluded any meaningful, complete and unconditional investigation of poisoned aquifers with Arsenic and Uranium and therefore has violated the Plaintiffs' Civil Rights, the inherent Constitutional rights that prevent government employees from taking away life, liberty or property without due process, the Environmental Justice laws protecting the Plaintiff who is below the poverty level, and has violated, as well, the Safe Drink Water Act and the Federal Clean Water Act. The Safe Drinking Water Act (the Act), 42 U.S.C. § 300 *et seq.*, is the federal law that protects Americans from harmful contaminants in their drinking water.

3) Defendant Patty Kouyoumdjian resides or work at, and has some presence in the offices of the Lahontan Regional Water Quality Control Board at 14440 Civic Dr #200, Victorville, CA 92392 and is employed as executive officer within the staff of the Lahontan Regional Water Quality Control Board. This defendant is sued in her ____ individual ___X___ official capacity.

Explain how this defendant was acting under color of law: It is alleged that Patty Kouyoumdjian has committed federal crime, Section 242 of Title 18, by acting under "color of law" and willfully deprive and conspire to deprive the Plaintiff of a right protected by the Constitution and/or U.S. law and/or Environmental Justice laws.

In specific, an extremely carefully worded letter sent to other residents from Hinkley, CA 92347, has exhibited not only extreme intentional negligence, but unscrupulous assertions promulgating that drinking water in Hinkley is safe to drink.

Ground Drinking Water in Hinkley's Aquifers, beneath Plaintiff's real property is poisoned.

Hundreds of test by three state certified analytical laboratories has confirmed that at the Aquifers

beneath the town of Hinkley, and the respective ground drinking water are poisoned with Arsenic at huge concentration (up to 7,000 % over the legal limit / over maximum contaminant level set by EPA), and per over 200 laboratory's tests by ARCADIS, a company hired by PG&E, has confirmed that Aquifers beneath the town of Hinkley and the respective ground drinking water are poisoned with Uranium at concentration as high as 500% over the legal limit.

It is further alleged that Patty Kouyoumdjian has committed another federal crime, Section 242 of Title 18, by acting under "color of law" and willfully deprive and conspire to deprive the Plaintiffs of right protected by the Constitution and/or U.S. law and/or Environmental Justice laws.

In specific, by pretending to act in the performance of her official duties, it is alleged that Patty Kouyoumdjian has not only acted with intentional gross negligence, but has conspired with John Izbicki and Pacific Gas and Electric Company (PG&E), alleged to have accepted bribe in the amount of over Four and Half Million Dollars from Pacific Gas and Electric Company (PG&E), for, alleged as felonious, investigation and report, that will be totally worthless according to several scientist who has contradicted Izbicki's assertions.

Furthermore, this Defendant has exhibited, also under the color of law, cover-up and concealment of fact's acts and has expanded maximum efforts to shield PG&E from full and unconditional investigation, sought to be aimed in the discovery of the failed PG&E's Agricultural and In-Situ operations, causing huge additional poisoning of Hinkley's aquifers and the respective ground drinking water within, with Arsenic and Uranium, resulting to her unjust enrichment, at the expense of the Plaintiff's massive health damages.

Such acts under the color of law has precluded any meaningful, complete and unconditional investigation of poisoned aquifers with Arsenic and Uranium and therefore has violated the Plaintiff's Civil Rights, the inherent Constitutional rights that prevent government employees from taking away life, liberty or property without due process, the Environmental Justice laws protecting the Plaintiff who is below the poverty level, and has violated, as well, the Safe Drink Water Act and the Federal

Clean Water Act. The Safe Drinking Water Act (the Act), 42 U.S.C. § 300 *et seq.*, is the federal law that protects Americans from harmful contaminants in their drinking water.

4) Defendant Laury Kemper resides or work at, and has some presence in the offices of the Lahontan Regional Water Quality Control Board at 14440 Civic Dr #200, Victorville, CA 92392 employed as assistant executive officer within the staff of the Lahontan Regional Water Quality Control Board. This defendant is sued in her ___X___ individual, and/or ___X___ official capacity.

Explain how this defendant was acting under color of law: It is alleged that Laury Kemper has committed federal crime, Section 242 of Title 18, by acting under “color of law” and willfully deprive and conspire to deprive the Plaintiff of a right protected by the Constitution and/or U.S. law and/or Environmental Justice laws.

Furthermore, this Defendant has exhibited, also under the color of law, not only acts with intentional gross negligence, but cover-up and concealment of facts acts and has expended maximum efforts to shield PG&E from full and unconditional investigation, sought to be aimed in the discovery of the failed PG&E’s Agricultural and In-Situ operations, causing huge additional poisoning of Hinkley’s aquifers and the respective ground drinking water within, with Arsenic and Uranium, resulting to her unjust enrichment, at the expense of the Plaintiff massive health damages.

Such acts under the color of law has precluded any meaningful, complete and unconditional investigation of poisoned aquifers with Arsenic and Uranium and therefore has violated the Plaintiff’s Civil Rights, the inherent Constitutional rights that prevent government employees from taking away life, liberty or property without due process, the Environmental Justice laws protecting the Plaintiff who is below the poverty level, and has violated, as well, the Safe Drink Water Act and the Federal Clean Water Act. The Safe Drinking Water Act (the Act), 42 U.S.C. § 300 *et seq.*, is the federal law that protects Americans from harmful contaminants in their drinking water.

5) Defendant Lisa Dernbach resides or work at, and has some presence in the offices of the Lahontan Regional Water Quality Control Board at 14440 Civic Dr #200, Victorville, CA 92392

and is employed as Senior Engineering Geologist within the staff of the Lahontan Regional Water Quality Control Board. This defendant is sued in her X individual, and/or X official capacity. Explain how this defendant was acting under color of law: It is alleged that Lisa Dernbach has committed federal crime, Section 242 of Title 18, by acting under “color of law” and willfully deprive and conspire to deprive the Plaintiff of a right protected by the Constitution and/or U.S. law and/or Environmental Justice laws.

Furthermore, this Defendant has exhibited, not only acts with intentional gross negligence, also under the color of law, but cover-up and concealment of facts acts and has expanded maximum efforts to shield PG&E from full and unconditional investigation, sought to be aimed in the discovery of the failed PG&E’s Agricultural and In-Situ operations, causing huge additional poisoning of Hinkley’s aquifers and the respective ground drinking water within, with Arsenic and Uranium, resulting to her unjust enrichment, at the expense of the Plaintiff massive health damages.

Such acts under the color of law has precluded any meaningful, complete and unconditional investigation of poisoned aquifers with Arsenic and Uranium and therefore has violated the Plaintiff’s Civil Rights, the inherent Constitutional rights that prevent government employees from taking away life, liberty or property without due process, the Environmental Justice laws protecting the Plaintiff who is below the poverty level, and has violated, as well, the Safe Drink Water Act and the Federal Clean Water Act. The Safe Drinking Water Act (the Act), 42 U.S.C. § 300 *et seq.*, is the federal law that protects Americans from harmful contaminants in their drinking water.

6) Defendant Anne Holden resides or work at, and has some presence in the offices of the Lahontan Regional Water Quality Control Board at 14440 Civic Dr #200, Victorville, CA 92392 and is employed as Engineering Geologist within the staff of the Lahontan Regional Water Quality Control Board. This defendant is sued in her X individual, and/or X official capacity. Explain how this defendant was acting under color of law: It is alleged that Anne Holden has

committed federal crime, Section 242 of Title 18, by acting under “color of law” and willfully deprive and conspire to deprive the Plaintiff of a right protected by the Constitution and/or U.S. law and/or Environmental Justice laws. Furthermore, this Defendant has exhibited, not only acts with intentional gross negligence, also under the color of law, cover-up and concealment of facts acts and has expanded maximum efforts to shield PG&E from full and unconditional investigation, sought to be aimed in the discovery of the failed PG&E’s Agricultural and In-Situ operations, causing huge additional poisoning of Hinkley’s aquifers and the respective ground drinking water within, with Arsenic and Uranium, resulting to her unjust enrichment, at the expense of the Plaintiff massive health damages.

Such acts under the color of law has precluded any meaningful, complete and unconditional investigation of poisoned aquifers with Arsenic and Uranium and therefore has violated the Plaintiff’s Civil Rights, the inherent Constitutional rights that prevent government employees from taking away life, liberty or property without due process, the Environmental Justice laws protecting the Plaintiff who is below the poverty level, and has violated, as well, the Safe Drink Water Act and the Federal Clean Water Act. The Safe Drinking Water Act (the Act), 42 U.S.C. § 300 *et seq.*, is the federal law that protects Americans from harmful contaminants in their drinking water.

7) Defendant Ray Britain resides or work at, 385 N Arrowhead Ave. San Bernardino, CA 92415 and is employed as Interim Chief of Environmental Health Services, County of San Bernardino, California. This defendant is sued in his X individual, and/or X official capacity.

Explain how this defendant was acting under color of law: It is alleged that Ray Britain has committed federal crime, Section 242 of Title 18, by acting under “color of law” and willfully deprive and conspire to deprive the Plaintiff of a right protected by the Constitution and/or U.S. law and/or Environmental Justice laws. Furthermore, this Defendant has exhibited, not only acts with intentional gross negligence, also under the color of law, cover-up and concealment of facts acts and

has expanded maximum efforts to shield PG&E from full and unconditional investigation, in specific, has instructed all of the environmental health inspectors within his department to filter all sampled water and such fraudulent acts of filtered water was, by chain of custody, tested by analytical laboratories, and obviously, no, or little contamination was exhibited.

There are no such filter attached to any well and his refusal to sample the ground drinking water from the aquifer on the basis of "as-is and where-is" has resulted in the massive fraud of this century by government employees, and such notorious acts under the color of law has caused huge additional poisoning of Hinkley's aquifers and the respective ground drinking water within, with Arsenic and Uranium, resulting to Plaintiff massive health damages. Such acts under the color of law has precluded any meaningful, complete and unconditional investigation of poisoned aquifers with Arsenic and Uranium and therefore has violated the Plaintiff's Civil Rights, the inherent Constitutional rights that prevent government employees from taking away life, liberty or property without due process, the Environmental Justice laws protecting the Plaintiff who is below the poverty level, and has violated, as well, the Safe Drink Water Act and the Federal Clean Water Act. The Safe Drinking Water Act (the Act), 42 U.S.C. § 300 *et seq.*, is the federal law that protects Americans from harmful contaminants in their drinking water.

7) **Jurisdiction is invoked pursuant to 28 U.S.C. § 1343 (a)(3) and 42 U.S.C. § 1983.**
(If you wish to assert jurisdiction under different or additional statutes, list them below).

The **personal jurisdiction** is based upon "**sufficient minimum contacts**" in which the out-of-state defendants, the named herein this Complaint lower level employees from local, State of California and from the United States government, should have known that their acts would likely make them have to defend a suit in the U.S. District Courts throughout the U.S. , by acting in their official capacity. During the past one year, thousands pages of papers were transmitted to the Defendants, clearly identifying the Plaintiff's address in Arizona, thus more than sufficient minimum contacts.

The “**sufficient minimum contacts**” are actually based upon the undisputable facts, being the massive volume of correspondence aimed at the Defendants, inclusive but not limited to massive volume of information, including criminal information, identified as massive volume of evidentiary exhibits, enumerated and/or otherwise comprised of over ten thousand pages, and demands for action sought against those defendants , transmitted for the past one year to:

White House, President of the United States; to California and US Senators; to Congressmen and Congresswomen; to Assembly Members; to Federal Bureau of Investigation; to California Attorney General , Department of Justice; to United States Attorney General, U.S. Department of Justice; to California Environmental protection Agency (CAL/EPA); to United States Environmental Protection Agency (U.S. EPA); to the various EPA’s agencies, including but not limited to the Office of Environmental health Hazard, California Department of Toxic Substances Control Board; to California State Auditor; to Comptroller General of U.S.; to Federal Energy Regulatory Commission; to California Public Utilities Commission; to County of San Bernardino District Attorney; to County of San Bernardino Sheriffs; in the cumulative also triggering the doctrine of fully exhausted administrative remedy. This Complaint is to be exclusively decided by Jury and the Jury Trial should be scheduled as soon as there available dates on the calendar. Due to diversity jurisdiction, this case must be deliberated exclusively by the Jury with verdict demanded from the Jury (No bench trial).

The jurisdiction and venue are proper, further in light of the fact that the Plaintiff is suffering health problems, and cannot have their case heard in California.

Diversity jurisdiction as a form of subject-matter jurisdiction. Plaintiff has a domicile in Arizona, due to health injuries, caused by poisoned by Pacific Gas and Electric Company (PG&E) ground drinking water within aquifer beneath Plaintiff’s residence with Arsenic and by the intentional negligence act of Defendants by not forcing PG&E to clean up and were evacuated therefrom over six months ago. Plaintiff is subjected to sustaining health injuries and a total loss of property’s value.

B. NATURE OF THE CASE

Briefly state the background of your case.

Plaintiff move the Court to establish a prima facie case under 42 U.S.C. §1983, and prove that the Defendant's conduct was a cause, in fact of the deprivation of the Plaintiff's federal rights. Plaintiff move to Court, Under §1985(3), to allege four elements aimed to constitute a valid cause of action: (1) a conspiracy; (2) a purpose of depriving, either directly or indirectly, any person or class of persons of the equal protection of the laws or of equal privileges and immunities under the laws; (3) an act in furtherance of the conspiracy; and (4) an injury to a person or property or a deprivation of any right or privilege of a citizen of the United States, and Under 42 U.S.C. §1986, which creates a cause of action for the failure to prevent a conspiracy within the meaning of 42 U.S.C. §1985.

The only demand by the Plaintiff is that the Jury finds that Defendant must concede to the undisputable fact that the **"Ground Drinking Water in Hinkley's Aquifers is Not Safe to Drink"**, base upon review of myriad of evidentiary exhibit presented immediately to them by the Plaintiff, upon instant request, and the Court issues the sought Injunctive Relief, restraining the Defendants to further promulgate that the **"Ground Dinking Water in Hinkley's Aquifers is Safe To Drink"**, due to being poisoned with Arsenic and/or Uranium, in addition to with Hexavalent Chromium.

The Civil Rights Complaint seeks jury verdict against those lower level government employees, compelling such employees to cease and desist violating the laws of the Federal Clean Water Act (CWA) 33 U.S.C. §1251 et seq. (1972) and the laws of the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65) as amended by AB 227, Violation of Section 25249.5 or 25249.6. The lawsuit is a CIVIL RIGHTS COMPLAINT (42 U.S.C §1983, §1985), for infringement of the U.S. Constitution and violation of the Plaintiff's (Victim) civil rights and civil rights laws, violation of Environmental Justice laws, a civil rights challenges based on statutes, and seeks jury

verdict against those lower level officials, the named therein employees from local, State and Federal governments, to refrain from shielding and protecting corporate interest Pacific Gas and Electric Company (PG&E) and their executives, those accomplices and those acting in concert with PG&E, a California corporation and the corporation's executives, who has caused poisoning of the Aquifers and the respective Federal and State ground drinking waters within the Aquifers beneath the town of Hinkley, California 92347.

C. CAUSE OF ACTION

COUNT I

The following civil rights has been violated: **Pursuant to 42 U.S.C. §1983**

As to Defendant John Izbicki: All allegations and facts as stated herein above Paragraph 2.

As to Defendant Patty Kouyoumdjian: All allegations and facts as stated herein above Paragraph 3.

As to Defendant Laury Kemper: All allegations and facts as stated herein above Paragraph 4.

As to Defendant Lisa Dernbach: All allegations and facts as stated herein above Paragraph 5.

As to Defendant Anne Holden: All allegations and facts as stated herein above Paragraph 6.

As to Defendant Ray Britain : All allegations and facts as stated herein above Paragraph 7.

Supporting Facts: [Include all fact you consider important. State the facts clearly, in your own words, and without citing legal authority or argument. Be sure you describe exactly what each specific defendant (by name) did to violate your rights].

COUNT II

The following civil rights has been violated: **Pursuant to 42 U.S.C. §1985(3)**

Conspiracies to deprive Plaintiff of rights or privileges guaranteed by the Constitution to all citizens.

As to Defendant John Izbicki: All allegations and facts as stated herein above Paragraph 2.

As to Defendant Patty Kouyoumdjian: All allegations and facts as stated herein above Paragraph 3.

As to Defendant Laury Kemper: All allegations and facts as stated herein above Paragraph 4.

As to Defendant Lisa Dernbach: All allegations and facts as stated herein above Paragraph 5.

As to Defendant Anne Holden: All allegations and facts as stated herein above Paragraph 6.

As to Defendant Ray Britain : All allegations and facts as stated herein above Paragraph 7.

Supporting Facts: [Include all fact you consider important. State the facts clearly, in your own words, and without citing legal authority or argument. Be sure you describe exactly what each specific defendant (by name) did to violate your rights].

COUNT III

The following civil rights has been violated: **Pursuant to 42 U.S.C. §1986** Failure to prevent conspiracies to deprive Plaintiff of rights or privileges guaranteed by the Constitution to all citizens.

As to Defendant John Izbicki: All allegations and facts as stated herein above Paragraph 2.

As to Defendant Patty Kouyoumdjian: All allegations and facts as stated herein above Paragraph 3.

As to Defendant Laury Kemper: All allegations and facts as stated herein above Paragraph 4.

As to Defendant Lisa Dernbach: All allegations and facts as stated herein above Paragraph 5.

As to Defendant Anne Holden: All allegations and facts as stated herein above Paragraph 6.

As to Defendant Ray Britain : All allegations and facts as stated herein above Paragraph 7.

Supporting Facts: [Include all fact you consider important. State the facts clearly, in your own words, and without citing legal authority or argument. Be sure you describe exactly what each specific defendant (by name) did to violate your rights].

D. PREVIOUS LAWSUITS AND ADMINISTRATIVE RELIEF

1) Have you filed other actions in state or federal courts involving the **same or similar facts** as involved in this action? ___Yes ___X___No. If your answer is "Yes", describe each lawsuit. (If more than one, describe the others on an additional page following the below outline).

a) Defendants: _____

b) Name of court and docket number: _____

c) Disposition (for example, was the case dismissed , appealed or is it still pending?): _____

d) Issues raised: _____

e) Approximate date it was filed: _____

f) Approximate date of disposition: _____

2) Have you filed an action in federal court that was **dismissed because it was determined to be frivolous, malicious, or failed to state a claim upon which relief could be granted?**

____ Yes ____ X No. If your answer is "Yes", describe each lawsuit. (If you had more than three actions dismissed based on the above reasons, describe the others on an additional page following the below outline.)

Lawsuit #1 dismissed as frivolous, malicious, or failed to state a claim:

a) Defendants: _____

b) Name of court and case number: _____

c) The case was dismissed because it was found to be (check one): _____ frivolous
_____ malicious or _____ failed to state a claim upon which relief could be granted.

d) Issues raised: _____

e) Approximate date it was filed: _____

f) Approximate date of disposition: _____

Lawsuit #2 dismissed as frivolous, malicious, or failed to state a claim:

a) Defendants: _____

b) Name of court and case number: . _____

c) The case was dismissed because it was found to be (check one): _____ frivolous

d) _____ malicious or _____ failed to state a claim upon which relief could be granted.

e) Issues raised: _____

f) Approximate date it was filed: _____

g) Approximate date of disposition: _____

Lawsuit #3 dismissed as frivolous, malicious, or failed to state a claim:

a) Defendants: _____

b) Name of court and case number: _____

c) The case was dismissed because it was found to be (check one): _____ frivolous

d) _____ malicious or _____ failed to state a claim upon which relief could be granted.

e) Issues raised: _____

f) Approximate date it was filed: _____

g) Approximate date of disposition: _____

2) Have you attempted to resolve the dispute stated in this action by seeking relief from the proper administrative officials, e.g., have you exhausted available administrative grievance procedures? ☒ Yes ☐ No. If your answer is "No", did you not attempt administrative relief because the dispute involved the validity of a: (1) _____ disciplinary hearing; (2) _____ state or federal court decision; (3) _____ state or federal law or regulation; (4) _____ parole board decision; or (5) ☒ other . If your answer is "Yes", provide the following information.

Grievance Number _____ .

Date and institution where grievance was filed: From June 19, 2015 to February 15, 2016

Response to grievance: All local, State and Federal Government's staff were non responsive.

E. REQUEST FOR RELIEF

I believe that I am entitled to the following relief:

- 1.) Order by this Court, based upon Jury's conclusion, based upon evidence, that Defendants must finally concede to the fact that the ground drinking water within the Hinkley's aquifers are poisoned with Arsenic and Uranium, over the legal limits.
- 2.) Order by this Court, based upon Jury's conclusion, based upon evidence, that Defendants finally concede that the ground drinking water within the Hinkley's aquifers is not safe to drink.
- 3.) Order by this Court, based upon Jury's conclusion, based upon evidence, that ground drinking

water within the aquifer beneath the Plaintiffs' residence in Hinkley, CA 92347 is poisoned with Arsenic over the legal limit, by Pacific Gas and Electric Company (PG&E) operations.

- 4.) Order by this Court, based upon Jury's conclusion, based upon evidence, that the ground drinking water within the aquifer beneath the Plaintiffs' residence in Hinkley, CA 92347 is not safe to drink and is poisoned with Arsenic, over legal limit, by PG&E's operations.
- 5.) Injunctive Relief, restraining the Defendants to further promulgate that the ground drinking water within the Hinkley's aquifers is safe to drink, and to restrain the Defendants from further receive any money from Pacific Gas and Electric Company (PG&E), other than fines and penalties for wrongful acts, such as further poisoning the ground drinking water within the Hinkley's aquifers, construed as the Federal and State waters, as well as beneficial use water reserved to the citizens from this great democratic country. This Complaint must be treated as a separate and distinct from any other complaints, that may be filed in this Court against Pacific Gas and Electric Company (PG&E) and the respective request for relief.

I understand that a false statement or answer to any question in this complaint will subject me to penalties of perjury. **I DECLARE UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE UNITED STATES OF AMERICA THAT THE FOREGOING IS TRUE AND CORRECT.** See 28 U.S.C. § 1746 and 18 U.S.C. § 1621.

///

TRANSMITTAL

Dated: February 27, 2016

United States Environmental Protection Agency,
Region 9
75 Hawthorne St.
San Francisco, CA 94105

Attached hereto and incorporated for future reference is the second lawsuit, just filed by me, against the Summoned Defendants. The urgency of filed lawsuit was due the health condition I am subject to, as a direct result of being poisoned with the PG&E's byproduct Arsenic, resulted therefrom failed operations by PG&E.

If I do not survive, the lawsuit will be transformed to murder trial against all defendants by our heirs, et al third party.

I am informed that hundreds of lawsuits by the Victims from the town of Hinkley, California 92347 will follow against the named Defendants, against Pacific Gas and Electric Company (PG&E), and DOES 1-500, inclusive, those accomplices and those acting in concert with PG&E.

I am further informed that all lawsuits, demanded to be only by jury trial, will be filed only in the United States District Courts throughout United States.
